Re: WT Docket No. 06-150; PS Docket No. 06-229; GN Docket No. 09-51  
*Ex Parte Notice*

Dear Ms. Dortch:

Yesterday, Lawrence Krevor and Trey Hanbury of Sprint Nextel Corporation, Sara Leibman of T-Mobile USA, Inc., Michael Lazarus of Paul, Hastings, Janofsky & Walker LLP on behalf of MetroPCS Communications, Inc., Rebecca Thompson of the Rural Cellular Association, Carri Bennet of Bennet & Bennet, PLLC on behalf of the Rural Telecommunications Group, Inc., Kathleen Wallman of Wallman Consulting, LLC on behalf of Xanadoo Company, and the undersigned on behalf of Access Spectrum, LLC (collectively, the Coalition for 4G in America or Coalition) met with Rick Kaplan, Chief Counsel and Senior Legal Advisor, Office of the Chairman; Jennifer Flynn, Legal Advisor, Office of the Chairman; and Jennifer Manner, Deputy Chief, Public Safety & Homeland Security Bureau. During the meeting, the representatives of the Coalition expressed the views set forth in the Coalition's prior filings in the above-referenced proceedings.

The Coalition supports the Commission's plan to auction the Upper 700 MHz D Block for commercial use as required by section 337(a)(2) of the Communications Act of 1934, as amended. The Coalition also supports promoting interoperability across the entire 700 MHz Band to ensure the development of a multiband commercial and public safety device ecosystem in the 700 MHz band. In addition, the Coalition supports combining the Upper A and D Blocks to create a 2 x 6 MHz block, with appropriate compensation provided to incumbent A Block licensees. These steps will maximize the efficient use of this valuable spectrum, benefit consumers by promoting competitive entry into the 700 MHz Band, and promote the Commission's plan to establish a nationwide, interoperable public safety broadband network. During the meeting, representatives of the Coalition urged the Commission to move forward expeditiously regarding its pending proceedings concerning the D Block and promoting public safety broadband.
